ABOUT ME

My name is Shawn Ashley S. De Guzman, and I am a 4th-year Computer Engineering student with a fair amount of foundation in programming languages, such as Python, C++, C, Java, HTML, and PHP. In my academic journey, I have learned well both the software and hardware principles. I have always taken keen interest in applying what I learned for real-world problems through innovative engineering solutions. I will definitely look forward to constant learning in the ability to further enhance and expand my knowledge to make relevant contributions in the tech industry.
